

FROM THE PRINCIPAL'S DESK

This week marks that we are over half way through the term. We continue to deal with daily COVID cases for students and staff, but the numbers appear to be decreasing. In spite of this, the school continues to run smoothly with students engaged in some wonderful learning programs. Staff are currently busy collecting and analysing evidence on which to allocate grades in the end of semester summative reports. The electronic student reports will be sent home in Week 10. Some students may not receive grades in some learning areas due to high absences caused by COVID or unapproved vacations. Classroom teachers will provide comments in literacy, numeracy and a general comment for each student. Specialist teachers (science, music, visual arts, languages and physical education) will also provide a comment and grade if your child accesses these programs. If you have any concerns about your child's progress, please make an appointment at a mutually agreeable time with the classroom teacher.

Over the past three weeks (the timeline was extended due to COVID) our Year 3 and 5 students completed the online (except for Year 3 writing which is a paper based assessment) NAPLAN assessments in reading, numeracy, spelling and grammar and writing. This point in time assessment provides the school with a good barometer of how we are progressing in these key learning areas compared to state and like schools. We will not receive results until term three. Parents will also receive an individual report for their child usually late in Term 3.

This week I had the privilege of attending the GRIP (Generosity, Responsibility, Integrity, People) student leadership conference at the Perth Exhibition and Conference Centre. Our student councillors and faction captains spent a day learning about leadership and interacting with approximately 800 students from other schools. Key topics covered were: It's my time, Time to take responsibility, Time for bright ideas and Time to plan. The students enjoyed the day and were a credit to our school. A big thank you to Mr Sullivan who organised the day.

A reminder that tomorrow (Friday 3rd June) is a SDD and students do not attend. Staff will be participating in professional learning aligned to our Business Plan. They will engage in PL in numeracy, quality teaching and digital technology.

With the cooler weather upon us, we still expect students to wear the school bucket hat and school jacket. As always, we suggest these are clearly labelled, as they can go missing. If your child does not have school track pants, plain black ones are acceptable. All students should be in school jackets and the school hat. The Dress Code Policy is available on the school web site. Your ongoing support is appreciated.

A big thank you to the P&C who funded the new soccer goal for our junior primary students and the water bottle fillers, which have been fitted to the drink fountains. Both are hits with our students.

For those lucky enough to be able to access it, enjoy the long weekend.

Kind Regards Wayne Walpole

Merit and Values Award Winners – 20th May 2022

Today LA 10 did a fantastic job of hosting our first assembly in the U/C area for 2022. Everyone enjoyed how they showcased their talk 4 Writing and report writing skills. The message of their song about the importance of being a good friend and having friends was very true and beautifully presented. Congratulations Ms Goodlet and the students of LA 10 on your efforts.

Problem Solving Competition

We have a mixture of problems this week. I am looking forward to seeing your answers. Don't forget your name and LA number and all that good working out. I would like to give a special mention to Mehreen from LA34 for her fantastic working out.

Year 1 and 2

I have an odd number in the hundreds place. I have a 7 in the tens place. I have an even number in the ones place. I am lower than 478. What number could I be?

Year 3 and 4

Rebecca left her Dad's work to go home at twenty to seven in the evening. Forty-five minutes later, she was home. What time was it when she arrived home?

Year 5 and 6

Jacob wants to invite 20 friends to his birthday, which will cost his parents \$250. If he decides to invite 15 friends instead, how much money will it cost his parents? How much will they save?

Closing date: Monday the 13th of June

Problem Solving Competition - Congratulations

$$1 \div 2 = 4 \times 6$$

Congratulations to all the students who participated in the competition. Special congratulations to the following students who correctly solved the problem. I was very pleased with how organised some of the student's work was. It was so easy to see what strategies they used.

Special congratulations to Krish LA13, Keshava LA8 and Dhiya LA25 who have won a canteen voucher.

Merit and Values Award Winners – 27th May 2022

The antics of LA 25 and 26 entertained us all. I am glad their unrealistic expectations of camp have gone no further, and I am sure the line dancing will be a winner if showcased in the talent quest! Thank you for the wonderful presentation you put together. Your skills in both drama and dance are to be applauded. Congratulations Mr Sullivan and Ms Neighbour.

Anxiety – how to help your child

All children experience anxious feelings as part of their normal childhood development. Some anxious feelings include fear, agitation, nervousness, worry and apprehension. Some children find it harder to get these feelings under control and may experience anxiety more intensely and more often than others.

Anxiety is when the level of fear or worry about something is out of proportion to the level of risk or danger. Thinking about the situation makes them more worried and tense.

If your child is experiencing anxiety try to:

- Acknowledge your child's fear – don't dismiss or ignore it.
- Gently encourage them to do things they're anxious about, but don't push them to face situations they're not yet ready to face.
- Wait until they actually get anxious before you step in to help
- Praise him for doing something they're anxious about, rather than criticising them for being afraid.
- Avoid labelling your child as 'shy' or 'anxious'.

Your child might need some extra support if their anxiety stops them from doing the things they want to do or interferes with their friendships, school work or family life.

If you are worried about your child, contact your local Community Health Nurse, School Psychologist or General Practitioner. For more information about anxiety in children go to www.raisingchildren.net.au or www.healthyfamilies.beyondblue.org.au
